Condition	New	State	New South Wales
Suburb	SEVEN HILLS	Engine Make	

## Description

### Renegade

Love fishing? Need more space? Come and see us at Sydney Watercraft Centre and be charmed by the Stessco Renegade range of multi-use side console fishing boats. Side console boats offer incredible deck space with the helm pushed to the side leaving tonnes of floor space. The Stessco Renegade is one of the best fishing boats you can buy. It is big and bold and designed to surprise and amaze inshore and offshore anglers alike.

Available in models from 440 to the range topping 480, the Renegade range comes with a host of standard features that leave its competitors scratching their heads. Manufacturers like Quintrex and Stacer simply cannot compete with the Stessco Renegade's performance or standard inclusions. At the bow and stern are raised casting platforms, offering lure casting anglers, superior vision, and casting distance. A plumbed keeper tank will give you the flexibility to keep larger fish alive and healthy, while a plumbed live bait tank will keep the bait fit and fresh. Stessco's own folding seats are standard deluxe inclusions that other brands offer as options.

The high sided Renegade is right at home chasing bream or bass in estuaries or impoundments, yet still has the ride and performance to battle it out with offshore species such as snapper and kingfish. The Stessco Renegade range rides on Stessco's Softride hull which cuts through the chop yet is super stable at rest. It has a proven ability to deal with the rough conditions we find in our open Australian waterways.

Our team at Sydney Watersports Centre can help you wack an electric on the bow and be tournament ready for the bream and bass fishing circuit, or get you kitted up and chasing kingfish in Sydney Harbour. With multiple seat positions, premium features such as rails and paint, plus one of the roomiest cockpits in the side console category, however you want to fit out your new Stessco Renegade and whatever you want to fish, the Renegade will get you there safely, comfortably and beaming with success.
