Description

The lightest and quietest generator in its class, the EF2800i is big power in a small, lightweight package.

The EF2800i will power anything from power tools to sophisticated electronic equipment including laptops, tablets and computers. Powerful enough to use for home backup and the inverter technology means you can run anything from it. Use it from the job site to home and on the road.

Also available with an optional dust cover to keep it clean while it's not being used.
