Condition	New	State	New South Wales
Suburb	ERMINGTON	Engine Make	

Description

The F150 DEC sees Yamaha's premium Digital Electronic Control (DEC) technology, previously only seen on Yamaha's big horsepower range, introduced to the popular 150 horsepower segment. This 'fly-by-wire' control delivers extremely smooth and precise throttle operation, for a more enjoyable and effortless boating experience.

The larger 2.8 litre displacement of the F150 DEC, delivers increased low and mid-range torque, helping to get up on the plane quicker and with less effort. The F150 DEC is fully compatible with Yamaha's new CL5 touchscreen multi-function gauge. This gauge is also NMEA2000 compliant, providing full connectivity to third party marine equipment.

The 150 horsepower is now available in both signature Yamaha grey and new pearlescent white colour options, in extra long shaft length only.

Technical Specification

Height L: 516 [20.3] | X: 643 [25.3]

Weight L: 219 | X: 220

Engine 4-Stroke, 16 Valve DOHC Direct Action In-Line 4

Displacement 2785

Bore 96 x 96.2

Max RPM 5000-6000

Lubrication Wet-sump

Fuel EFI

Ignition TCI

Starter Electric

Alternator 12V - 50A with Rectifier Regulator

Operation Drive by wire remote control

Tilt Power Trim & Tilt

Gauges Optional

Network Gauges Optional

Gear Ratio 1.86 : 1 (Counter Rotating Prop Available)

Engine Details

Horse Power

150
