Description

The class-leading F60 has been hailed as one of the finest mid-range outboards ever produced. Brilliant fuel economy matched with great torque and power means versatility that is second to none.

Within the F60 is a silky-smooth, 996cc, four-cylinder marine engine, that delivers an excellent power-to-weight ratio and exceptional refinement and fuel-efficiency. Out of the entire 4-cylinder 60 horsepower category, the F60 is the only Japanese Manufactured engine in its class; which boasts the reliability, refinement and quality that Yamaha engines are renowned for.

Utilising Yamaha’s exclusive Multi-Point Fuel Injection System (EFI) and Electronic Control Module (ECM), the F60 delivers impressive power and torque, smooth and comfortable operation, low noise levels and emissions, and the best fuel-economy in its class.Technical Specification
HeightL: 527 [20.7]
WeightL: 113
Engine4-Stroke, SOHC In-line 4
